2024 Legislative Update

Each update provides key highlights for the prior weeks General Legislative Session and what is expected for the week ahead. The focus of this update are the Utah state legislation and actions for protecting wildlife and the environment. Questions and comments can be directed to Dan Strauch: strauchmail@yahoo.com.

About the Legislative Update

The *Legislative Update* is made possible by the Utah Audubon Council and contributing organizations. Each *Update* provides legislative actions, descriptions and updates throughout the Session and important dates and progress of key committees. For the most up-to-date information and for the names and contact information for legislators, check the Legislative website at www.le.utah.gov. The *Update* focuses on legislative information pertaining to wildlife, sensitive and invasive species, public lands, state parks, SITLA land management, energy development, renewable energy and conservation and water issues. The *Update* is distributed after each Friday of the Session. Additional Action Alerts may also be distributed during the session. Please use this information to prepare you to contact your legislator with your opinions and concerns!

Weekly Update

Representative Casey Sniders HB280 Water Related Changes is on the agenda for the House Natural Resources, Agriculture and Environment Committee for Monday 29 January. This is a significant bill that most critically creates a new centralized council for managing water infrastructure projects. This would take the authority from the local government authorities. Question of why this is needed...what problem it solves.

TIME TO CONTACT YOUR SENATOR AND REPRESENTATIVE and let them know that the following bills are simply not necessary (see notes in each bills section below).

HB249 Utah Legal Personhood Amendments
HB317 Energy Storage Amendments
HB373 Environmental Quality Amendments
HB382 Wildlife Amendments Section 23A-12-102
SB57 Utah Constitutional Sovereignty Act
SB125 Secondary Water Amendments

GSL Commissioner Brian Steed presented his appropriations request to the Natural Resources, Agriculture and Environment Appropriations sub-committee. No additional details were

presented that were not presented previously. Continue to engage with your Senator and Representative asking how they plan to aid Commissioner Steed in his short-term action plans particularly getting water to the Great Salt Lake. I will continue to monitor appropriations with special attention on how the GSL Commissioner is spending his funds.

Gricius	<p>This bill addresses what is sufficient wearing of hunter orange while hunting big game; grants the director of the Division of Wildlife Resources authority related to the wearing of hunter orange by non-hunters.</p> <p><i>House 1st reading.</i></p>	3	Neutral
HB 232 Outdoor Recreation Impacts Fund	Rep. Stenquist	<p>This bill creates the Outdoor Recreation Impacts Restricted Account (restricted account); provides that appropriations from the restricted account are non-lapsing; funds the restricted account with a portion of the sales and use tax revenue remitted by sporting good sellers.</p> <p><i>Creates funds to support local municipalities in extraordinary recreation support (solid waste removal, search and rescue, etc) through ear marking funds collected as a tax on sporting goods sellers.</i></p> <p><i>House 1st reading.</i></p>	2	Support
HB 237 Land Use Authority Amendments	Rep. Walter	<p>This bill prohibits a county or municipality from requiring the incorporation of a preferred aesthetic feature in new development unless the preferred aesthetic feature is expressed in the county or municipality's land use regulation.</p> <p><i>Deals with aesthetic requirements of buildings only.</i></p> <p><i>House 1st reading.</i></p>	3	Neutral
HB 241 Clean Energy Amendment	Rep. Albrecht	<p>This bill changes the term renewable to clean where appropriate in statute. Adds definitions of clean energy sources.</p>	3	Watch

		<p><i>Oppose as written. Identifies “nuclear” as clean energy source. Also establishes a “State Fair Park” agency, need to understand purpose.</i></p> <p><i>Passed in House Public Utilities, Energy and Technology Committee on 24 Jan. Passed with favorable recommendation.</i></p> <p><i>Aligns clean energy definition to federal definition (clean energy = non carbon producing). Nuclear, carbon capture and sequestration and pumped hydropower added to bill are all clean energy as defined by federal statutes. This bill does not expressly facilitate the building of such energy production in Utah.</i></p>		
HB 242 Water Usage Data Amendments	Rep. Ballard	<p>This bill requires that reporting of water usage by a state agency, requires the Division of Water Resources to conduct a study of public school water use; requires publication and reporting of study findings and recommendations; provides for procurement of smart irrigation controllers.</p> <p><i>House 1st reading.</i></p>	1	Support
HB 243 Riparian Amendments	Rep. Bennion	<p>This bill requires a riparian area element as part of a municipal or county general plan with exceptions; addresses adoption of zoning or other land use ordinances; provides for how a riparian area element is included into a municipal or county general plan; provides for action related to the general plan by the legislative body of a municipality or county; provides for technical assistance from the Division of Water Resources; directs the appointment of a state position related to riparian areas; directs the compilation of a riparian map.</p>	1	Support

		<i>On assigned list for House Natural Resources, Agriculture, and Environment Committee.</i>		
HB249 Utah Legal Personhood Amendments	Rep. Brooks	<p>This bill prohibits a governmental entity from granting or recognizing legal personhood in certain categories of nonhumans.</p> <p><i>Sponsor states that this was a response to a “few of his constituents” expressing confusion that other countries or states have extended personhood rights to inanimate objects.</i></p> <p><i>Bill is obvious response to possible environmental rights strategies. Seems reactionary to wording “person” or “personhood.”</i></p>	1	Oppose
HB 256 Military Compatible Land Use Amendments	Rep. Peterson	<p>This bill modifies provisions regarding when notice is required related to applications or permits near military land; provides that a municipality or county should deny a land use application if the Department of Veterans and Military Affairs determines that a proposed land use is incompatible with military operations.</p> <p><i>First substitution introduced that provides significantly more specificity and eliminates the sole idea that the military “determination of incompatible with military operations” is cause for rejection.</i></p>	3	Neutral
HB 262 School and Institutional Trust Lands Amendments	Rep. Snider	<p>This bill clarifies that the state may sell or lease land to state entities for fair market value; exempts the sale or lease of certain large aggregations of trust lands from advertising requirements and mineral rights restrictions; excludes certain lands from sale or lease; and requires rulemaking for determining the fair market value of trust lands.</p> <p><i>House 1st reading.</i></p>	1	Watch

		<i>Need to better understand the removal of the mineral rights restrictions.</i>		
HB 275 Water Amendments	Rep.
